HP 970 Programmable Wireless Keyboard

Premium performance meets personalization

Personalize your keyboard while enjoying an elevated typing experience with comfortable, quiet keys, 20+ of which are programmable, controllable smart backlight, and a long life, rechargeable battery.

Product overview

- **Customize for control:** Customize your keyboard with HPAC[1] and reduce needless keystrokes by programming the 20+ keys with shortcuts for your most used apps. Plus you can customize the backlighting feature by turning it on or off, adjusting light intensity, as well as the sleep mode timer.
- **Connectivity and versatility:** Multiple connectivity options mean more flexibility. Connect up to 3 devices —two via Bluetooth® and one via 2.4 GHz USB-A dongle, and switch between devices using one button. Plus you can easily pair peripherals to a Windows 10 PC in two steps using Microsoft Swift Pair.
- **Smart features. Better typing experience.** This keyboard quietly delivers comfortable typing consistency through higher key height, dished finger-shaped keys and soft return technology. Plus customizable smart sensors help adjust backlit keys based on your room lighting condition and turns on the backlight when you approach or off when not in use to save energy.
- **Long lasting rechargeable battery:** Frequent battery changes are more than frustrating. They can also drain your productivity and who needs that? Problem solved with a battery that's rechargeable via a simple USB-C® connection and lasts over six months.[2]
- **Responsibly made:** Now you can purchase a keyboard that not only helps you be productive, but also helps the environment. We worked hard to design a keyboard that's plastics consist of 20% post-consumer recycled materials so you can feel good about your purchase.[3]
